# *Future Stars*

Our Future stars program is divided into two programs:

## *Red Stars and Orange Stars.*

The future stars programs are for kids between the ages of 5 & 10 looking to get into the game of tennis. Smaller courts, lighter & shorter racquets and low compression balls that don't bounce too high make learning tennis fun and easy. This means that kids are able to; start rallying, have fun and develop a love for the sport right from the start.

### *Red Stars*    ages 5-7

Through interactive games your child will develop their Athletic skills "ABC's" (agility, balance, coordination) and their manipulative skills (reception, handling, projection). The student will also be introduced to the basic fundamental tactical and technical skills needed to build upon as they get older.

*Monday & Wednesday    3:30 - 4:30pm*

*Cost: 1x/wk \$96 / \$115    2x/wk \$160 / \$192*

### *Orange Stars*    ages 8-10

After mastering the red star stage, children move on to the orange stars. On top of refining their Athletic and manipulative skills learned in the previous stage, the orange star will learn to use the five ball controls (direction, depth, height, spin and speed). At this stage, through games, drills and lots of fun, the student will learn different grips, lower and higher contact points, longer and faster swing shape and a more sophisticated service motion.

*Tuesday & Friday    3:30 - 5:00pm*

*Cost: 1x/wk \$144 / \$172    2x/wk \$240 / \$288*

In both of these programs, private lessons are highly encouraged to help speed up the player's development

### *Challenger Squad\* ages 10 & under*
